PREFACE

Creation is NOT science vs. religion/faith...

The best way to frame the dialogue...*

Evolution falls short in...

IN THE BEGINNING...

_____ beginning?

GOD CREATED...

_____?

CREATION TEACHES US...

Understanding life and our identity as human beings is _____ in a _____ _____.

_____ (a world view without _____) is the true enemy.

*Lee Strobel notes "If I were to embrace Darwinism and its underlying premise of naturalism, I would have to believe that:

Nothing produces everything
Non-life produces life
Randomness produces fine-tuning
Chaos produces information (order)
Unconsciousness produces consciousness
Non-reason produces reason"
